College Shingave
2019-2021

12th Student
Percentage: 73%

- **SSC**
Shri Bhairavnath Vidyalaya and Junior
Science College Shingave
2018-2019

10th student
percentage:72%

PROJECTS

Library Management System

The project Online Library Management System" is developed in ASP.NET, which mainly focuses on basic operations in a library like adding new member, new books, and updating new information, searching books and members and facility to issue and return books. Using this web application user can make the booking of books online and can look for the book either it is available in library or not.

Contact Form

the aim is to design and implement a contact form system. The system will store the submitted contact form data in a database for future reference and follow-up. The contact form will collect information such as the user's name, email address, phone number, message, and the timestamp when the form was submitted. By implementing this system, the website owner can effectively manage and respond to user inquiries, improving communication and customer satisfaction.18

STRENGTHS

- Able to work independently as well as good team player.
- Hard working.
- Leadership
